Goals for the remainder of the semester:

- 1) Arrange for funding from student government and/or BEC. The treasurer will be primarily responsible for reporting to the organization how funding can be obtained. The President and other members will then take the appropriate action to ensure funding is obtained by Fall 07.
- 2) Explore corporate sponsorships for further funding. The Funding Chair(s) will be responsible for exploring these opportunities. Andrea Matsunaga volunteered to take on part of the role of Funding Chair but we are pursuing another member to also help in this role.
- 3) Organize a seminar with an individual from Lockheed Martin. Before the end of the Spring semester, we plan to organize a meeting for WECE members where a representative from Lockheed Martin will be present likely to discuss career opportunities.

4) Andrea Matsunaga introduced a unique opportunity for a Website Competition. See the following link for more information:

If we could organize a team from WECE members to compete, we may be eligible to win a \$10,000 prize. This may be a promising funding opportunity for the organization. The President and other members will discuss this as a option and try to organize a team for the competition.
